Do you know your strengths ?

Each of the group members took an on-line quiz that was provided as part of the study. The quiz inventoried individual strengths and God-given gifts, many of which we did not even realize that we had! Once identified, we looked at how we can use these gifts ("strengths") in our lives, and how we can use them in our church and community to bring glory to God.

This book is available at Amazon, Borders and many other outlets.
